Contractor:
OWNER BUILDER

Work Description & Permit Notes:

Job Valuation: \$0.00 - No electrical work has being done to the home. We had the power resigned in order to remove the home from the lot, but due to construction prices, we have decided to keep the existing structure. We just need the power reconnected from Baldwin EMC. We have not made any changes to the house (other than remove carpet in the bedrooms) or pursued any electrical items. I just need you to inspect the meter box since the service was resigned so they can reconnect. Also, we are planning on staying in the home next week and will need power asap.

Final inspections are required on all permits. To schedule an inspection, visit the Community Development Permit Portal at www.OrangeBeachAL.gov/CDDportal.

This permit becomes null and void if work or construction authorized is not commenced within six months or if construction or work is suspended or abandoned for a period of six months at a time after work is commenced.

The applicant hereby agrees that all work will comply with the applicable provisions of the 2017 National Electrical Code; all applicable state and local regulations; and in accordance with the approved plans. The applicant further attests that the information in the application is true and correct. All provisions of laws and ordinances governing this type of work shall be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

Final inspections are required on all permits. To schedule an inspection, visit the Community Development Permit Portal at www.OrangeBeachAL.gov/CDDportal.

This permit becomes null and void if work or construction authorized is not commenced within six months or if construction or work is suspended or abandoned for a period of six months at a time after work is commenced.

The applicant hereby agrees that all work will comply with the applicable provisions of the 2017 National Electrical Code; all applicable state and local regulations; and in accordance with the approved plans. The applicant further attests that the information in the application is true and correct. All provisions of laws and ordinances governing this type of work shall be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

Final inspections are required on all permits. To schedule an inspection, visit the Community Development Permit Portal at www.OrangeBeachAL.gov/CDDportal.

This permit becomes null and void if work or construction authorized is not commenced within six months or if construction or work is suspended or abandoned for a period of six months at a time after work is commenced.

The applicant hereby agrees that all work will comply with the applicable provisions of the 2018 International Fuel Gas Code and the 2018 International Residential Code; all applicable state and local regulations; and in accordance with the approved plans. The applicant further attests that the information in the application is true and correct. All provisions of laws and ordinances governing this type of work shall be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

Final inspections are required on all permits. To schedule an inspection, visit the Community Development Permit Portal at www.OrangeBeachAL.gov/CDDportal.

This permit becomes null and void if work or construction authorized is not commenced within six months or if construction or work is suspended or abandoned for a period of six months at a time after work is commenced.
The applicant hereby agrees that all work will comply with the applicable provisions of the 2018 International Mechanical Code, the 2015 International Energy Conservation Code/Alabama Residential Energy Code, and the 2018 International Residential Code; all applicable state and local regulations; and in accordance with the approved plans. The applicant further attests that the information in the application is true and correct. All provisions of laws and ordinances governing this type of work shall be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

Final inspections are required on all permits. To schedule an inspection, visit the Community Development Permit Portal at www.OrangeBeachAL.gov/CDDportal.

This permit becomes null and void if work or construction authorized is not commenced within six months or if construction or work is suspended or abandoned for a period of six months at a time after work is commenced.
The applicant hereby agrees that all work will comply with the applicable provisions of the 2018 International Mechanical Code, the 2015 International Energy Conservation Code/Alabama Residential Energy Code, and the 2018 International Residential Code; all applicable state and local regulations; and in accordance with the approved plans. The applicant further attests that the information in the application is true and correct. All provisions of laws and ordinances governing this type of work shall be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

Final inspections are required on all permits. To schedule an inspection, visit the Community Development Permit Portal at www.OrangeBeachAL.gov/CDDportal.

This permit becomes null and void if work or construction authorized is not commenced within six months or if construction or work is suspended or abandoned for a period of six months at a time after work is commenced.
The applicant hereby agrees that all work will comply with the applicable provisions of the 2018 International Mechanical Code, the 2015 International Energy Conservation Code/Alabama Residential Energy Code, and the 2018 International Residential Code; all applicable state and local regulations; and in accordance with the approved plans. The applicant further attests that the information in the application is true and correct. All provisions of laws and ordinances governing this type of work shall be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

Final inspections are required on all permits. To schedule an inspection, visit the Community Development Permit Portal at www.OrangeBeachAL.gov/CDDportal.

This permit becomes null and void if work or construction authorized is not commenced within six months or if construction or work is suspended or abandoned for a period of six months at a time after work is commenced.
The applicant hereby agrees that all work will comply with the applicable provisions of the 2018 International Plumbing Code and the 2018 International Residential Code; all applicable state and local regulations; and in accordance with the approved plans. The applicant further attests that the information in the application is true and correct. All provisions of laws and ordinances governing this type of work shall be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

Final inspections are required on all permits. To schedule an inspection, visit the Community Development Permit Portal at www.OrangeBeachAL.gov/CDDportal.

This permit becomes null and void if work or construction authorized is not commenced within six months or if construction or work is suspended or abandoned for a period of six months at a time after work is commenced.
The applicant hereby agrees that all work will comply with the applicable provisions of the 2018 International Plumbing Code and the 2018 International Residential Code; all applicable state and local regulations; and in accordance with the approved plans. The applicant further attests that the information in the application is true and correct. All provisions of laws and ordinances governing this type of work shall be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

Work Description & Permit Notes:

Job Valuation: \$200,000.00. Roof Area: 10,500 SF.
Roof Covering Type: 60 mil TPO Roofing System. Underlayment: Light Weight Concrete.
Scope of work for Building 4. Remove existing roofing system down to suitable substrate (concrete deck). Removal of existing roof will be limited to the amount that can be replaced during the same day. Provide and install 1/8" tapered insulation package (R25) including crickets using low rise adhesive per manufacturer's specifications and in accordance with local building codes.
Provide and install 60 mil TPO roofing system fully adhered per manufacturer's specifications to achieve a 20-year NDL Warranty. The thermoplastic membrane seams will be overlapped a minimum of 1.5" then hot air welded together. Weld width shall be a minimum of 1.5" in width for automatic machine welding and a weld width of 2" for any hand welded area. Upon completion of welding, each seam shall be probed to ensure proper securement.
Remove all electric conduit and lightning protection by others.
Provide and install new TPO clad metal per manufacturer's specifications.
Provide and install thermoplastic flashings to the roof penetrations. Upon completion of welding, each seam shall be probed to ensure proper securement.
Provide and install TPO plumbing boots per manufacturer's specifications.

(205) 358-9851 X 200

Work Description & Permit Notes:

Job Valuation: \$11,975.00. Roof Area: 3,074 SF.

Roof Covering Type: Shingles. Underlayment: Secure Grip 24 lb - FL-18374 is the building code.

After conducting a full roof inspection there is significant wind damage following Hurricane Sally. There are large areas of missing shingles that have not been secured or repaired, and the chances of water intrusion are high. The majority of ridge cap shingles are broken and widespread granule damage to shingles. The shingles on the back and south side have been raised from high wind speeds. An area in the front left side of the garage that gives when walked on and decking will likely need to be replaced. The exact number of decking sheets cannot be determined until tear off. This house also shows signs of significant hail damage following the storm on April 17, including broken and cracked shingles throughout. Full roof replacement at 30.74 squares without waste. Will be using GAF Timberline Shingles.

Work Description & Permit Notes:

- Lighted Building Signage

- A sign permit shall be valid for a period of ninety (90) days from the date of its issuance as noted on the permit. Unless a thirty (30) day extension is granted for good cause shown by the Sign Administrator, failure to erect or complete the otherwise approved work related to the permitted sign within such ninety (90) day period shall result in the expiration of such permit.

- All provisions of laws and ordinances governing this type of work shall be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

- **Final inspections are required on all permits. To schedule an inspection, visit the Community Development Department Permit Portal at www.OrangeBeachAL.gov/CDDportal.**
