UPDATE 06/10/2021: All panels are being replaced with direct replacements. There are no drawings for the marina. All panels are being replaced with panels that are protected by the Bender Marine Guard system. I have attached the submittals that show all breakers are shunt trip controlled. There is nothing being added to the marina. Just replacing what is there with new pedestals and electrical panels to bring up to current codes. Everything over the water has been disconnected in the panels. I would like to have one panel energized to have some site power. All pedestals over land that feed out of that panel have been gone through and made safe until replacements arrive. Call me please 251-776-3164
