**Work Description & Permit Notes:**

- Job Valuation: \$6,000.00 - Build wooden deck to hold hot tub on 1 side with seating on other. Metal roof. Shower included with screening added later.
- UPDATE 11/23/2021: This is a large lot and the Deck will be 4 feet from the house and 15 feet from the property line at the rear and 25 feet at the side.(this is a guess as no survey available). I have recently dug a big trench to move the pooling water to the ditch at the side and I will address any similar problems that arise. If you insist on gutters just let me know.
- I hope my rough drawings show the roof detail but anything else you need please let me know.
- Thanks for the advice on Electrical. I was planning to use an instant heater but instead I will use a 19 gallon water heater, this is rated at 1500W so this plus the 50A for the Tub and 20A for a couple of outlets and fans should work.

**Work Description & Permit Notes:**

- We will deliver out 50-foot reach excavator to the site. This is a 70,000-pound, excavator. We will lay plywood in the street where we unload it and cover the road and driveway so we can get it to the house. We do this to try to protect the asphalt and concrete driveway. This being a very small lot we will bust in the sides of the house and pull the roof and sides into the footprint of the house and pill it on the slab. After the house is down, we will remove the large excavator and bring in our medium size excavator to load out the debris. We will do our best to contain all the debris from the demolishing of the house and if some of it gets out on to any other properties we will remove it immediately and clean up the area. There is on way to save the piling or the concrete slab. All debris will be hauled to the Baldwin County Land fill in Magnolia Springs. This work will take 1 day to take the house down and 3 to 4 more days to load it out and haul off.
- This permit becomes null and void if work or construction authorized is not commenced within six months or if construction or work is suspended or abandoned for a period of six months at a time after work is commenced.

Final inspections are required on all permits. To schedule an inspection, visit the Community Development Permit Portal at [www.OrangeBeachAL.gov/CDDportal](http://www.OrangeBeachAL.gov/CDDportal). In lieu of residential mechanical inspections, the qualifying agent may submit a notarized Mechanical Inspection Affidavit. The Mechanical Inspection Affidavit is available on the Permit Portal or at the following link: [www.CitizenServe.com/Documents/287/CDD-Form-InspectionAffidavitMechanical.pdf](http://www.CitizenServe.com/Documents/287/CDD-Form-InspectionAffidavitMechanical.pdf).

This permit becomes null and void if work or construction authorized is not commenced within six months or if construction or work is suspended or abandoned for a period of six months at a time after work is commenced. The applicant hereby agrees that all work will comply with the applicable provisions of the 2018 International Mechanical Code, the 2015 International Energy Conservation Code/Alabama Residential Energy Code, and the 2018 International Residential Code; all applicable state and local regulations; and in accordance with the approved plans. The applicant further attests that the information in the application is true and correct. All provisions of laws and ordinances governing this type of work shall be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

The Mechanical Inspection Affidavit is available on the Permit Portal or at the following link: [www.CitizenServe.com/Documents/287/CDD-Form-InspectionAffidavitMechanical.pdf](http://www.CitizenServe.com/Documents/287/CDD-Form-InspectionAffidavitMechanical.pdf).

This permit becomes null and void if work or construction authorized is not commenced within six months or if construction or work is suspended or abandoned for a period of six months at a time after work is commenced. The applicant hereby agrees that all work will comply with the applicable provisions of the 2018 International Mechanical Code, the 2015 International Energy Conservation Code/Alabama Residential Energy Code, and the 2018 International Residential Code; all applicable state and local regulations; and in accordance with the approved plans. The applicant further attests that the information in the application is true and correct. All provisions of laws and ordinances governing this type of work shall be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.

Final inspections are required on all permits. To schedule an inspection, visit the Community Development Permit Portal at [www.OrangeBeachAL.gov/CDDportal](http://www.OrangeBeachAL.gov/CDDportal). In lieu of residential mechanical inspections, the qualifying agent may submit a notarized Mechanical Inspection Affidavit. The Mechanical Inspection Affidavit is available on the Permit Portal or at the following link: [www.CitizenServe.com/Documents/287/CDD-Form-InspectionAffidavitMechanical.pdf](http://www.CitizenServe.com/Documents/287/CDD-Form-InspectionAffidavitMechanical.pdf).

This permit becomes null and void if work or construction authorized is not commenced within six months or if construction or work is suspended or abandoned for a period of six months at a time after work is commenced. The applicant hereby agrees that all work will comply with the applicable provisions of the 2018 International Mechanical Code, the 2015 International Energy Conservation Code/Alabama Residential Energy Code, and the 2018 International Residential Code; all applicable state and local regulations; and in accordance with the approved plans. The applicant further attests that the information in the application is true and correct. All provisions of laws and ordinances governing this type of work shall be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction.
