Cut a door opening into a non load bearing wall that leading to the back porch area that i will enclose with the two walls. PERMIT REVISION 03/13/2024:

Customer decided to do hardie siding on the back of the house instead of vinyl siding. We were already through with everything on the house in this permit we pulled except for installing the siding. The siding and painting of the siding was an additional \$9000 i was told to include a message stating this upgrade so yall can add it to the houses value or something this is the first this has happened to me with changing something that would affect the price pretty drastically.
