### RIGHTS-OF-WAY USE APPLICATION

16. If applicable, execute and return the original permit with the Permit Close-Out Section completed and record drawings (as-builts) to the City stating that the job is completed in accordance with the permit. The record drawings must indicate all the changes to the construction plans.
17. This permit may be terminated by the City of Orange Beach in the event that the Permittee violates any provision contained herein and/or fails to promptly correct such violation within 48 hours of notice from the City.
18. The Permittee is responsible for ensuring that all work is done in compliance with the Americans with Disabilities Act.
  
19. Permittee is responsible for providing an emergency contact person and phone number for 24 hours a day / 7 days a week. Inability to make contact in the event of an emergency may result in a penalty, or fines such as suspension, revocation of permit, and/or back charge as a result of damages.
20. Contractor must have a valid State Certified License and City Business License to perform work in the City's rights-of-way.
21. In addition to the permit application, 2 copies of construction plans and, if applicable, 2 copies of maintenance of traffic (MOT) plans, signed and sealed by a professional engineer registered in the State of Alabama, must be submitted as required by the Public Works Director or designee.
22. Permittee must have a copy of the approved construction plans and application on the job site at all times while work is being performed.
23. The Beason-Hammon Alabama and Citizen Protection Act, Act No. 2011-535, Alabama Code (1975) Section-13-1, et. Seq., states that before entering into a contract with the City, a contractor must provide a notarized affidavit agreeing not to knowingly employ any unauthorized aliens in the State of Alabama and the contractor must enroll in the E-Verify Program in order to verify the immigration status of every employee required to be reverified through the system. Documentation of the E-Verify Program enrollment may be required. In addition, contractors are required to provide a notarized affidavit ensuring that their subcontractors have complied with the aforementioned requirements.

**It is the responsibility of the contractor to ensure that all proposed improvements are constructed in the right-of-way, not on private property. Streets are not centered in the right-of-way and the street centerlines should not be used to determine the right-of-way limits. Utilization of a professional land surveyor or property corner verification may be necessary to determine the right-of-way limits.**
